XBRL INTERNATIONAL ANNOUNCES TWO APPOINTEES TO THE XBRL INTERNATIONAL STANDARDS BOARD

César Pérez-Chirinos (Bank of Spain) and Yossef Newman (Deloitte & Touche, LLP) round out the full complement of membership of the International Standards Board

MUNICH, GERMANY – JUNE 6, 2007 – The International Steering Committee (ISC) of XBRL International today confirmed the appointment of César Pérez-Chirinos of the Bank of Spain, Madrid, Spain and Yossef Newman of Deloitte and Touche LLP, New York, USA to the seven member board responsible for leading the technical standard setting of the consortium.

Mr. Pérez-Chirinos is Vice Chairman of the Development and Training Working Group of XBRL Spain (GTDF) and Business Continuity Unit Manager at Bank of Spain and brings experience working with those organisations as well as over 6 years in several R&D projects financed by the European Commission (EC) on distributed software systems and databases and working with leading members the Object Management Group (OMG) to this role.

Mr. Newman is an Audit Senior Manager at Deloitte & Touche, LLP. He has been involved with the XBRL consortium for many years and is currently chair of the Taxonomy Recognition Task Force as well as playing an active role in the development of the US GAAP taxonomy being performed by XBRL-US Inc.

"XBRL Spain and the Bank of Spain are very pleased to play a leadership role in the most important standards setting process at XBRL International" said Federico Flórez, Director of Information Systems and Processes at the Bank of Spain.

"Yossi Newman is a tremendous addition to the Standards Board with his years of technical and training experience. XBRL US is pleased that he will be helping to lead the standard setting efforts of XBRL International``, said Mark Bolgiano, President and CEO of XBRL US Inc.

"Mr. Pérez-Chirinos and Mr. Newman will be tremendous assets to the standards setting work of the consortium with the breadth of technical background and geographical diversity that they bring to the board" said John Turner, Chair of the XBRL International Standards Board. "We are looking forward tremendously to working with them and benefiting from their wealth of experience."

About XBRL International

XBRL International, Inc (XII) is a global consortium using a cooperative effort to create a common interactive data solution based on XML. XBRL is being developed and promoted by an international not-for-profit consortium of more than 500 major international companies, organizations and government agencies.
