13th XBRL International Conference. May 16-19, 2006. Madrid, Spain.

5 Years of XBRL International Conferences

2001, February - 1st XBRL International Conference in London

2006, May - 13th XBRL International Conference in Madrid

Following the footsteps of the memorable 5th Year Anniversary Special Event organized at the 12th XBRL International Conference by XBRL Japan, the different XBRL Jurisdictions are invited to continue the sharing of special moments and photo records, enlarging the historical repository of significant XBRL moments.

Story/photo panel display at the Conference premises

Objective

This is time to continue the effort within the worldwide XBRL community to put together all pieces of historical information which are scattered around the world that have the potential to be lost. This event is designed to account the progress of XBRL history worldwide. The aim is to share the history of XBRL from its inception when XBRL International was formally established in April 2000 and all the subsequent years. The initial and imaginative effort developed by XBRL Japan is to be continued in this conference. Display also will be exhibited at www.xbrl2006.info

Expected Effect

By sharing the history, audiences can better understand the vision and strategy from the first day when the XBRL movement started and what has been accomplished during the last five years. This is a powerful reconfirmation of XBRL's great progress, thus encouraging newcomers to the XBRL community.

Contents

The contents will be comprised of story and photographs presented on display panels. There will be a number of panels that are sorted out into chronological order, with text and photos, following the structure developed by XBRL Japan.

Submission

All jurisdictions/provisional jurisdictions/practitioners are asked to submit brief write up of its history, which covers the dates when it was started and the major accomplishments up until today, and photos in digital formats. Those who are involved as the key players in XBRL International are also asked the same.

Please send your contribution (with the reference to *Anniversary*) to: xbrlgen@bde.es
